EXPERIENCE

The Children's Clinic Family Health (thechildrensclinic.org) **Los Angeles, CA**

Executive Assistant/Community Health Associate *Feb 2026-Present*

Data Science Intern *Oct 2025–Feb 2026*

- Coordinate executive-level operations across calendars, meetings, documentation, and cross-department communication, maintaining priorities and deadlines in a fast-paced healthcare environment.
- Support grant development by researching funder requirements, editing proposal materials, tracking section completion, and preparing letters of support.
- Develop public health program evaluation plans, translating program goals into evaluation questions, quantitative and qualitative measures, and practical data-collection and analysis strategies.
- Plan leadership and community-facing events, including facility tours and all-staff meetings; prepare agendas and presentations, capture meeting notes, and coordinate day-of logistics

Camp Kesem at USC (kesem.org) **Los Angeles, CA**

Summer Camp Counselor, Unit Leader, Volunteer/Outreach/Operations/Treasurer Eboard Positions *Jan 2022-Aug 2026*

- Planned and delivered a week-long camp for 100+ participants, coordinating schedules, activities, host-site logistics, budgets, supplies, and real-time issue resolution.
- Recruited, interviewed, selected, trained, and supported 40+ counselors; facilitated 10+ training sessions annually and led a unit of 20+ campers and 10 counselors.
- Maintained year-round relationships with families through outreach and support calls; served on a 17-member executive board coordinating operations, events, and fundraising.
- Adapted quickly to changing conditions, resolved participant and counselor concerns, and developed low-cost, engaging activities within budget.

California Department of Public Health (cdph.ca.gov/Programs/CEH/DFDCS/Pages/FDBPrograms...) **Los Angeles, CA**

Data Science Intern - Medical Device Safety Program *June 2025–Feb 2026*

- Built a prototype iOS application in Swift/SwiftUI that enables the public to search California medical-device recalls by name, keyword, or date range.
- Developed Python pipelines to scrape and clean recall data and integrated three external APIs to provide current recall-status information

World War II Camp Wall Memorial (wwiicampwall.org) **Torrance, CA**

Data Science Summer Intern *Jun-Jul 2023*

- Built and maintained a database of 240,000+ Japanese American incarcerees using Python, SQL/SQLAlchemy, and Alembic; cleaned, migrated, and validated large historical datasets.
- Created Tableau dashboards and Python visualizations that connected historical patterns with individual stories.

RESEARCH

USC Global Research, Implementation and Training (GRIT) Lab (thegritlab.org) **Los Angeles, CA**

Global Health Research Assistant *Jan 2023–Present*

- Led a road safety research project in Uganda, developing the project proposal and data collection methodology, coordinating preliminary fieldwork, analyzing data using Tableau and R, and translating findings into policy briefs and conference poster presentations.
- Organized women's health workshops in Kenya and trained local youth in survey design, data collection, and analysis. Developed a health survey, coordinated direct interviews with local partners, collected 600 resident responses, and conducted preliminary analysis for conference poster presentations.
- Conducted interviews and focus groups to investigate causes of burns, misconceptions about treatment options, and healthcare-seeking behaviors.

AWARDS, COMMUNITY INVOLVEMENT, & INTERESTS

- USC Global Scholar Award, Renaissance Scholar Distinction, Keck Student Ambassador, APRU Student Ambassador, Girl Scout Gold Award, Mojave Primitive Encampment MISC, Camp Kesem USC, camping/hiking, sourdough, travel planning
