EXPERIENCE

The Children's Clinic Family Health (thechildrensclinic.org)

Los Angeles, CA

Executive Assistant/Community Health Associate

Feb 2026-Present

Data Science Intern

Oct 2025-Feb 2026

- Managed high-stakes operational workflows for executive leadership, coordinating calendars, meetings, documentation, and cross-department communication to ensure seamless execution.
- Supported grant development by researching requirements, editing materials, and aligning deliverables with funder expectations.
- Designed and launched evaluation plans for public health programs, including writing evaluation questions, defining key quantitative and qualitative measures, and developing practical data collection and analysis strategies.
- Partnered with Quality Improvement teams to streamline clinical quality reporting, improving data accuracy

Camp Kesem at USC (kesem.org)

Los Angeles, CA

Summer Camp Counselor, Unit Leader, Volunteer/Outreach/Operations/Treasurer Eboard Positions Jan 2022-Present

- Planned and executed a week-long program for 100+ participants, overseeing logistics, scheduling, risk mitigation, and real-time operational problem solving.
- Recruited, vetted, trained, and managed 40+ counselors; delivered 10+ training sessions annually and maintained performance standards across the team.
- Led a unit of 20+ campers and 10 counselors, ensuring safety, adherence to schedules, and high-quality participant experience.
- Maintained year-round relationships with families through outreach, support calls, and personalized communication.
- Served on a 17-person executive board coordinating operations, events, and fundraising initiatives.

California Department of Public Health (cdph.ca.gov/Programs/CEH/DFDCS/Pages/FDBPrograms...)

Los Angeles, CA

Data Science Intern - Medical Device Safety Program

June 2025-Feb 2026

- Built a prototype iOS app (Swift/SwiftUI) enabling public search of California medical device recalls by name, keyword, or date range.
- Developed Python pipelines to scrape and clean recall data; integrated three external APIs to deliver real-time recall status.
- Designed a searchable interface to improve public access to safety information.

World War II Camp Wall Memorial (www.iicampwall.org)

Torrance, CA

Data Science Summer Intern

Jun-Jul 2023

- Built and maintained a database of 240,000+ Japanese American incarcerated using Python, SQL/SQLAlchemy, and Alembic.
- Cleaned, migrated, and validated large-scale historical datasets for a national memorial.
- Designed Tableau dashboards and Python visualizations highlighting individual stories and historical patterns.

RESEARCH

USC Global Research, Implementation and Training (GRIT) Lab (thegritlab.org)

Los Angeles, CA

Global Health Research Assistant

Jan 2023-Present

- Led a road safety research project in Uganda, managing proposal development, fieldwork planning, team coordination, and data analysis (R, Tableau).
- Organized workshops in Kenya on women's health; trained local youth in survey design, data collection, and analysis.
- Presented research posters at four global health conferences.
- Designed and managed surveys, conducted interviews and focus groups, and built/cleaned datasets using SQL, SPSS, R, and Python.

AWARDS & COMMUNITY INVOLVEMENT

- USC Global Scholar Award, Renaissance Scholar Distinction, Keck Student Ambassador, APRU Student Ambassador, Girl Scout Gold Award, Mojave Primitive Encampment MISC, Camp Kesem USC
